LEGAL NOTICE

STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1st Floor, LaSalle Building, 617 North 3rd Street, Baton Rouge, Louisiana, at 9:00 a.m., on **TUESDAY, AUGUST 13, 2002**, upon the application of **LLOG EXPLORATION COMPANY**.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of an Order pertaining to the following matters relating to the **Planulina P2 Sand, Reservoir A**, in the Lake Misere Field, Cameron Parish, Louisiana.

1. To establish rules and regulations governing the exploration for and production of gas and condensate.
2. To create a single drilling and production unit for the exploration for and production of gas and condensate.
3. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit, with each tract sharing in unit production on a surface acreage basis of participation.
4. To designate a unit operator and a unit well at a location in exception to the well spacing provisions of Statewide Order No. 29-E for the unit so created.
5. To provide that any future replacement or alternate unit wells drilled to the Planulina P2 Sand, Reservoir A, should be exempt from the spacing provisions of Statewide Order No. 29-E.
6. To provide that the Commissioner of Conservation should be authorized to reclassify the reservoir by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.
7. To consider such other matters as may be pertinent.

The Planulina P2 Sand, Reservoir A, in the Lake Misere Field, Cameron Parish, Louisiana, is hereby defined as being that gas and condensate bearing sand encountered between the depths of 12,248' and 12,474' (ELM) in the Southwestern Energy Production Company - Miami Corp No. 27-1 Well, located in Section 27, Township 13 South, Range 5 West.

A plat is available for inspection in the Office of Conservation in **Baton Rouge** and **Lafayette**, Louisiana or may be found at the following site:
